Lucy Horwood and Dan Ellis are leading the Asian Windsurfing Tour (AWT) rankings after round 4 here in Saipan , Micronesia , giving Fanatic and North a double at the top.

With just one stop left on the 2005 "Fosters AWT" to be held in Ulsan Korea at the end of May its looking good for the UK to take top honours. The tour so far has taken them to 4 amazing locations with tough competition all the way. Lucy has fought off all the female competition, which was the most fierce here in Saipan to take all the available first places. Dan is in top spot counting 2 firsts and 2 seconds so far on the tour.

The previous stop on the tour, The Enevron Boracay Funboard Cup, was held on the Philippians Island of Boracay. Boracays shores are covered in palm trees and white sand with constant 15-25knt winds blowing from November to April. 67 competitors entered the event in which 8 rounds of slalom where held. After 4 gruelling days of down wind slalom Dan Ellis and Gonzalo Costa Hoevel from Argentina shared all the bullets, but with 5 to Dan 3 it was Gonzo who took the win. In the Women's fleet Lucy had a slightly easier time taking all

the honours but with a solid show of sailing in a strong field she finished respectably inside the top 10 over all.
